TRANSFER SCIENCE BRIDGE

10:00 am to 3:00 pm
Exploratory Hall 3301

Jumpstart your STEM transfer success story! This immersive College of Science orientation will equip you with the skills and knowledge for STEM success at Mason:

Refresh the core skills needed for your upper-level STEM classes.

Be the first to master Mason's rigorous STEM class/lab protocols and lab reporting.

Meet our faculty and Transfer Ambassadors, and explore Mason's academic, research, study abroad, and internship opportunities.

Seats are limited - register today!

WELCOME
EVENT

1:00 to 3:00 pm, *Exploratory Hall 3301*

Welcome to Mason! During the first week of classes, join the College of Science for free lunch, important information, STEM challenges, and prizes, and much more.

Connect with fellow transfer students, meet College of Science faculty, and get tips for success from COS Transfer Ambassadors who have been in your shoes!

Drop in and learn about Mason resources and research opportunities related to your major.

Did we mention free lunch?

TRANSFER RESEARCH LEARNING COMMUNITY

AACTR

ACADEMIC AFFAIRS
COMMUNITY OF
TRANSFER RESEARCHERS

Selected Tuesdays
3:30pm to 4:15pm

Do you want to conduct scientific research while at Mason?

Apply to this interdisciplinary cohort of transfer students, who are interested in completing STEM research with a Mason faculty mentor on a real-world global issue!

AACTR provides a collaborative community of undergraduate students and faculty for you to connect with and learn from as you acclimate to life as a Mason Science scholar.
