

## Job description

Wheat's has an immediate opening for an experienced **Landscape and Construction Project Manager** in our landscape design and construction division. This is a leadership field position supervising multiple landscape construction projects and is responsible for ensuring the highest quality construction services in the industry. This position coordinates with the Operations and Sales teams to organize and execute on installation plans to ensure happy clients and team members. Excellent communication skills, both oral and written are a must. Candidate must possess a valid Driver's License with an excellent driving record. Candidate must enjoy construction management in a collaborative and friendly work environment.

## Specific Job Responsibilities:

- Management of 3-4 Construction and Installation Crews, as well as multiple subcontractors from morning preparation to end of day close out
- Consistent On-site production crew training and monitoring of proper installation techniques
- Ongoing communication with production crews on job progress and next day needs
- Ongoing communication with procurement and ordering of project materials
- Maintaining high safety standards
- Communication with Operations Manager on daily and weekly production of crews and forecasting additional labor, material, or equipment as needed
- Problem-solving to achieve daily and weekly goals
- Always positively promoting the Company culture and vision

## Qualifications:

- Minimum 5 years of experience in landscape and/or construction installation
- 3 years of experience in a supervisory position overseeing landscape & construction installation crews
- Experience in the installation of patios, walkways, outdoor kitchens and fireplaces, pools, saunas, retaining walls, horticulture and plant installation, basic masonry and carpentry
- Proficient at reading and implementing Conceptual Designs, Grading Plans, Installation Blueprints, and AutoCAD Drawings
- Ability to use various software for Estimating/Job Costing, client communication, and vendor/subcontract collaboration.
