

STUDENT

LEARNING OUTCOMES AT NOVA

Campus	Session	Date	Time	Room	Description
Manassas	1	9/8/2017	12–1:30pm	MH 317	Writing/Revising SLOs and Curriculum Mapping
Loudoun	2	9/22/2017	12–1:30pm	LR 256	Creating a Useful Assessment Plan
Woodbridge	3	10/6/2017	12–1:30pm	WS 233	Using SLO Results to Improve Student Learning
MEC	1	10/20/2017	12–1:30pm	205A	Writing/Revising SLOs and Curriculum Mapping
Alexandria	2	11/03/2017	12–1:30pm	AA 289	Creating a Useful Assessment Plan
Annandale	3	11/10/2017	12:30–2pm	CG 202	Using SLO Results to Improve Student Learning

The Office of Institutional Effectiveness and Student Success Initiatives is offering a three part series of workshops on **SLOs at NOVA**, open to all faculty and staff. The series will discuss the importance of SLOs at NOVA and provide information and practice on identifying and writing SLOs, selecting and designing assessment measures that provide useful results, gathering and summarizing results and using results to improve teaching and student learning. Faculty with and without SLOs assessment experience are encouraged to attend. This information is also applicable to developing and assessing course objectives.

The workshops give a comprehensive overview of the assessment process at NOVA. Session 1 focuses on writing program SLOs and mapping out where they are introduced, practiced and mastered by students in the course curriculum. Session 2 empowers programs and faculty with practical guidance in devising appropriate assessment measures. In Session 3, participants will learn how to use the data they gather to improve student learning.

If you have questions, please contact Dr. Daniel Gustav Anderson, Student Learning Outcomes Specialist, at dganderson@nvcc.edu or 703-503-6216.
