Downloading the CPS Software

Step 1: Go to [www.einstruction.com](http://www.einstruction.com)

Step 2: Click on Support and then click on Downloads.
Step 3: Next choose “CPS Student Response Systems”

Step 4: Scroll down the page to CPS Software v6.71 and then click on Download; the program will begin the installation process on your computer.

Once the installation is complete the CPS icon will appear on your desktop and you can now start using CPS 😊
